

Who are we?

Hoopstarz was created by the Kidz R fit team with the aim of keeping children fit and active in a unique and fun way! Our aim is to engage more children in physical activity, as still most children do not meet the guidelines set out by The Department of Health of 60 minutes of physical activity per day.

We want to do this in a FUN and entertaining way, showing children from a young age that exercise shouldn't be a chore!

Hoopstarz Days

Hoopstarz is one of the most exciting, unique and engaging activities available for children and you can't fail to be impressed by the enjoyment it creates and the sense of achievement the children gain from participating. The classes build confidence and self-esteem and promote the importance of staying fit and healthy.

We use up to date music in the sessions which adds to the atmosphere and makes it almost like a party. We do choreography, tricks and games, there are hoop wars to be won and skills to be mastered making it a high energy, fun packed session.

Without a doubt this is the most engaging, heart rate raising, exciting and inclusive package you can offer the children in your setting. The children WILL master the art of Hula Hooping, even if they believe they can't. They're having so much fun they don't even know they're exercising

A fantastic cardio workout (addressing the rise in obesity). Even the most difficult pupils to engage in PE can't fail to enjoy it we have seen this first hand.

On your Hoopstarz day Kidz R Fit will give you and your staff lots of ideas of how to use the programme to your advantage. Your school will be buzzing!!
